*1/2 Horsepower Comparable (HPc) Power Plus designates that this garage door opener exceeds Overhead Door's lifting force specification for 1/2 horsepower garage door openers.

**Limited, non-transferable warranty. See owner's manual for details.

For use with sectional doors up to 8 ft. high and up to 500 lbs. in weight

Standard features

DC motor technology

DC motor operates with variable speed for soft start and stop, smooth operation and less wear and tear on your garage door

CodeDodger® 1 Access Security System

Each time the remote control is activated a new access code is selected from 4.3 billion possible combinations to prevent piracy of the radio signal that opens your door

Easy programming

Quick, effortless limit setting for faster installation

Frequency range

Reliable frequency range to ensure consistent operation

Self-diagnostic Safe-T-Beam® system

When objects pass through the infrared beam, the door automatically stops closing, and then reverses

Car2U®

Home Automation System

Light system

Illuminate your garage with two 60-watt light bulbs

HomeLink® compatible

Link to car's built-in remote system

Convenience options

Enjoy your new Overhead Door® garage door opener to the fullest with optional accessories. These accessories work with the openers that feature our CodeDodger® Access Security System

Digital wireless keypad

Available in four colors, this lighted keypad features a flip up cover and lets you control up to three garage door openers

Mini remote controller with key chain

This remote operates multiple openers but is small enough to keep with your keys

Mini remote controller with flashlight

This remote works just like the one-button remote and features a light for added nighttime convenience

Multi-function remote controller with flashlight

This remote works just like the multi-function remote and features a light for added nighttime convenience

Remote controllers

Available as 1, 2 or 3-button remotes

Distributor services

Installation

Selection of an Overhead Door garage door system includes the expert installation and service from our professional network of over 450 Red Ribbon Distributors.

Routine maintenance

Let your Overhead Door Red Ribbon Distributor ensure that your garage door system operates at peak performance year-in and out. Ask your distributor about routine system tune-ups and other professional services offered.
